Assumed Netback Oil (\$CAD/bbl): \$80

DAYS TO PAYOUT

**40**

STIMWRX Energy Services treated this Ingoldsby Kisbey Sandstone well in 2017. The net increase in production is approximately 6 BOPD for 2 years. At an assumed netback of \$80/bbl (CDN) for oil, this job paid out in just 40 days. The well continued to produce above baseline after paying out for approximately 22 more months.
